We also provide Certified Aramco/TUV, Riggers (Level I, II, III) and Work Permit Receiver (WPR) services to ensure safe and efficient operations.

About Our Company

A Brief Story About The Company

Shaziyah Ayoub Contracting Company stands at the forefront as a premier organization based in the Kingdom of Saudi Arabia, specializing in Heavy Equipment Rental, Construction, and civil works, MEP works, and interior works.

Company Overview

Established in 2014 and headquartered in Al Khobar, Shaziyah Ayoub Contracting Company has carved out a remarkable niche in the heavy equipment rental industry. Drawing from years of collective experience, our team pioneers the future with innovative ideas and cutting-edge technologies. We embrace our role with a strong sense of responsibility, collaborating closely with clients to deliver groundbreaking solutions. With over a decade of extensive experience in delivering quality construction projects in the Kingdom of Saudi Arabia (KSA), we are dedicated to aligning with economic and international best practices while upholding environmental and social sustainability principles. Throughout, we maintain the highest ethical and professional standards.

Our construction solutions are meticulously tailored to meet the specific requirements of clients and consultants, consistently surpassing expectations. Equipped with state-of-the-art heavy cranes, excavators, forklifts, dumpers, and other modern equipment, we not only enhance our business stature and portfolio but also create lasting value for our customers and consultants alike. Adhering to stringent quality assurance and quality control standards, we remain committed to excellence in every project we undertake.

Vision

- The vision of SACC is to be the leading, most trusted and safety-driven equipment rental partner for construction and industrial sectors in our region.
- We strive to be recognized for reliable fleets, professional service and strong technical support that enable our customers to build safely and efficiently.
- We aim to create long-term partnerships by being the first choice whenever high-quality rental equipment is needed.

Mission

- Our mission is to deliver safe, reliable and cost-effective rental equipment solutions that help our customers complete their projects on time and within budget.
- We focus on maintaining a well-serviced fleet, providing qualified operators and offering prompt on-site support to reduce downtime and improve productivity.
- We listen to our customers, understand their project challenges and offer flexible rental options tailored to their needs – from short-term hires to long-term contracts.
- We commit to operating with integrity, transparency and respect in every interaction, building trust with our clients, employees and partners.
- We continuously develop our people, upgrade our equipment and adopt better systems so that SACC stays modern, competitive and service-oriented.

Core Value

Safety First:

- Safety is our top priority; we follow strict inspection procedures, use certified operators and enforce proper PPE to maintain a zero-accident culture.

Reliability:

- We provide ready-to-work, well-maintained machines to minimize downtime and avoid costly delays on site.

Customer Focus:

- We treat our clients as long-term partners and focus on delivering practical, flexible and timely rental solutions.

Integrity:

- We conduct every transaction with honesty, transparency and respect for our commitments.

Teamwork:

- Our professional team works collaboratively to ensure that every project receives the right support at the right time.

Continuous Improvement:

- We invest in training, maintenance systems and digital tools to enhance our performance and raise our service standards year after year.
